Author: Ronefaer Velderi

In this segment of my series, i will take a more in depth look at the virtues in sosaria that arent so known. And you just might second guess who the real monsters are.

Look at your virtues, and its mirror. Its reflection is what you cast out, and for the avatar, this was The Guardian. And These are his 8 Virtues.

- * Sobriety
- * Punctuality
- * Obedience
- * Viligance
- * Comformity
- * Efficiency
- * Silence
- * Diligence

Sobriety is the state all followers of the Guardian should maintain. It is one free of any chemical or magical substances that may impede the Inner Voice from being heard.

- * Symbol: Empty Bottle

Punctuality is a habit to be formed by all those who call the Guardian their Master. It is the commitment to being prepared on a moment's notice to carry out the Guardian's orders.

Obedience is something required of all the Guardian's servants. It is complete submission to any and all the Guardian's demands and wants.

* Symbol: Closed Fist

Vigilance is the constant state of mind any servant of the Guardian should maintain. It is the backbone of the Guardian's defenses, to watch for foreign and domestic foes.

* Symbol: Open Eye

Conformity is complete acceptance of all the Guardian's beliefs and values. It is the lack of desire to succeed or surpass any person's accomplishments or ideas.

* Symbol: Guardian Mask

Efficiency is the prevention of any waste. It applies to every function of life, from

food, energy, money, even
lives.

Silence is the need for
all the Guardian's
servants to not speak
against the order. It is
essential for the stability
and safety of our world.

Diligence is the ability to
seek out a goal and
continue toward it. It is
especially important to
the armies of the
Guardian to ensure
victory.

* Symbol: Sword

This was the Virtue
property of Exodus as
well.

Remember that mirror?
When The Avatar cast
out evil to take in
Virtue, that what he cast
out manifest The
Guardian. So tell me,
What do you cast out?
